Animal Control Officer

Just a remeinder! Anyone who has not licensed their dog(s) need to do so as soon as possible. If you are not sure if this has been done or just what this entails, please call me I will see if you are on my list. Summons have to be served to those who do not license. It is very important that we know everyone with dogs and who has had their dogs vaccinated against rabies because we had a positive case of rabies in New Portland. School Board Meeting

The July School Board meeting was held at Carrabec Community School.

New Board Members: Dulcie Welch, Troy Dunphy, and Heather Helinski joined the board.

Election of Chair and Vice-Chair: For the first time that I can recall, there was competition for the position of board chair. Bobby Sue Harrington defeated Robert Demchak 7-6. Tammy Murray was elected Vice-Chair. She was unopposed.

Minutes: The minutes of the June board meeting were approved.

Superintendent's Report: Mr. Coville announced the following resignations to the board: Britanny Lane - cook assistant, CHS; Ken Coville – superintendent; Joyce Knowles - fifth grade CCS, Deana Dunton - title one ed tech 2, CCS; Bethany Sevey - Athletic Director, CHS; Amanda Pingree - fourth grade, CCS.

Administrator Reports: Tim Richards said that CHS is looking to fill the following positions: English teacher, Athletic Director, and Alternative Ed. Jean Butler said that summer school has begun and is going well. Jamie Weggler said he was excited about the new hires which have been made, and he is impressed with the work of the janitors and maintenance staff. Scott Lehay said the buildings are coming along well. He is concerned about the problem of keys, particularly at Solon and GS. Apparently, many keys are in circulation, and there have been problems caused by so many people having keys and access to the buildings. He has re-keyed Solon and GS and as of now is planning to only issue keys to the public if he is instructed to do so. Dulcie Welch asked LeHay about repairs to the CHS tennis courts. He said that he hoped to have that taken care of by the start of school. She also asked about bathroom ceiling tiles. Scott said that those were on his list to be addressed. Tammy Murray expressed hope that the GS Zumba group would continue to have access to the building. Troy Dunphy wanted to be sure that during sports practice times, players and coaches would have access to building areas where AED devices were located. Nikki Richardson, special education director, said that the summer programs are going well. Some minor issues that occurred while the tech team reimaged the Macbooks have been resolved, according to Scott Hall. Much of his summer has been spent dealing with the switch from PowerSchool to Edupoint.

Superintendent Search Committee: At the behest of the committee, community members and employees recently had the opportunity to take part in a survey related to the superintendent vacancy. Later in the meeting, the committee would make recommendations to the full board.

Citizens: Angela Pare asked if the board members had seen a letter which she had written to them. Bobby Sue indicated they had. Scott Lehay thanked Bob Demchak for his service as board chairman and wished Bobby Sue well.

Assessment Warrants for 2016-2017: The board members signed the warrants.

Elections (all were approved): Alethea Schanz - 3rd grade teacher, CCS; Tammy Long- 5th grade teacher, CCS; Kasey Mills - 4th grade teacher, CCS; Bethany Sevey - grant lead for Gear-Up and Melmac; Jaime Ela - data steward for Gear-Up grant; Debbie White-Dodge - administrative assistant for superintendent; Bonnie Atwood - special ed administrative assistant; Jessi Campbell - Medicaid Billing Clerk; Mat Brown - 8th grade boys soccer, CCS; Carissa Booker - 8th grade girls soccer coach, CCS; Carrie Peabody - 7th grade girls

soccer coach, CCS; Erik Carey - 8th grade girls basketball coach, CCS; Mike Cahill - 7th grade girls basketball coach, CCS; Lesa Weggler - cheering coach, CCS.

Elementary and Secondary Education Act Application: Jean Butler discussed this with the board, saying that the Act was intended to assure that all students have equal opportunity to education. Funding is provided to low income districts. She shared aspects of the RSU 74 application with the board.

2016-2017 Board Meeting Schedule: The board approved the schedule.

2016-2017 Board Committee Assignments: Board members had previously received their assignments in the mail.

Policies, Second and Final Reading: Program for Limited English Proficient Students/LAU

LAU Plan, Student Assessment, Admission of Homeless Students; Admission of Homeless Students Dispute Resolution Process. These policies were approved.

Superintendent Search and Selection Process: This item took quite awhile... There was a great deal of discussion. Eventually, the board chose to have Maine School Management Association help with the search. The plan is to have an interim superintendent. The interim superintendent would be on board for an indefinite amount of time. The position will remain full-time. Discussions are ongoing with Madison to determine ways the two districts could collaborate to save money.

School Calendar Change: The board voted to change the school calendar. There will now be three workshop days to start the school year, and the first student day will be September 1. The extra workshop day was needed so that staff could be trained to use EduPoint.

Executive Session To Hear Legal Rights and Duties of School Unit: The board went into executive session. When they emerged, they did not take any action.

The next regular school board meeting will be August 10 in New Portland. (I will be unable to attend that board meeting as I will be on vacation.) Respectfully...

Announcement

To the citizens and taxpayers of New Portland,

On Saturday, August 20, 2016 we will be be married on the Wire Bridge. We thought this would be a wonderful place to exchange our vows. It signifies the fact we are both New Portland natives, and we love the town in which we were raised and in which we have chosen to live for the rest of our lives.

We just wanted to let the residents know we will be occupying the bridge for about 15 to 30 minutes or so, from 1:30 to 2:00 pm. We will only be holding up traffic for a few minutes while we exchange vows. When it comes to taking the pictures, we will move for traffic to flow as normal.

Thank you for your cooperation while we celebrate this wonderful day. We appreciate all of you, and we love our New Portland and the history of the Wire Bridge.

Thank you,

From the Editor

Last month in the newsletter there was dialogue in the minutes of the selectmen's meeting regarding communications from the school board and or lack there of. I realized Dave Ela attends almost all of the school board meetings on behalf the Carrabec Educational Association. He does this as part of his duties as the Association's president; he shares the minutes with Association members who are employees of RSU 74. I contacted Mr. Ela and asked him if he would be willing to share those minutes with the readers of the *New Portlander.* This month's issue contains the minutes for the July school board meeting. Please note, Mr. Ela will be unable to attend the August meeting due to a family vacation, but he will return in September.

Community Churches

The Western Mountains Baptist Church had a "sell out" at our bounce houses, snow cones and popcorn event during Kingfield Days. Members of the church were handing out free refreshments for the whole day. So, if you saw (not only) children walking around with blue lips you could rightly guess they had been at our end of town for snacks. During the evening we had the privilege of serving dinner to members of the 20th Maine Company B, the Civil War re-enactment group of men and women who stayed in the field on Baker Hill for weekend. Weather-wise, it was a beautiful weekend and a fun time being a part of the Kingfield Days celebration.

We are excited to be offering Vacation Bible School again this year. VBS will be held August 8 - 12, for ages four and up. The theme this year is "Son Games 2016" and will run from 9:00 am – 11:30 am. For more information about how to register your child for a week of sporty good fun, call 265-2557. Parents and other family members are always welcome to help out.

For more information about these and other opportunities to learn and grow in your Christian faith call Pastor Tom DuBois at 557-3802 or call the church at 265-2557. Emailing is also an option: westernmountainbaptist@tds.net. Let us count our blessings, one by one...

New Portland Library

From the desk of Sheila Atwood, Library Director:

Dear Community Members,

We have had a busy couple of months and truly appreciate your support of the library, whether that be coming into the library to take out items, using the internet, purchasing used books from our library annex, attending one of our events, or using Download Library through your library card. It has been an interesting six months for me learning who you are, what you enjoy reading and watching, and listening to the great feedback you give us to hopefully keep and make the library a true center for community use. We now have a laptop in the library that came be moved to a quiet corner for your convenience. You can also now print from any laptop – ours or yours – by asking for the IP address at the front desk. We ask for a donation when you do print.

I know that summer reading is a favorite while basking in the sun; if you find you haven't finished reading a book by the time it is due, just call us and we can renew items over the phone or through email. Did you know you can go to the town website, click on library and check our catalog to see what we have for books and dvds? We are still taking book and dvd donations; these items either are put into our catalog so others can enjoy or added to our used book sale; the sale runs continuously whenever the library is open.

Our penny mile is going strong, (What a difference a penny makes!) and we are working towards our goal of a MILE of pennies by our Fall Fest in October. So, please drop off your pennies at one of our collection jars at local establishments or at the library. (By the way, a mile of pennies is over 84,000 of them!)

We are hosting a book discussion group on Facebook. We had interest in a book discussion group but found no-one seemed to have time to attend a set meeting so we will try to host a "discussion". If you wish to pick up a copy of the book *Tell the Wolves I'm Home* by Carol Rifka Brunt, please do so. You don't have to be a member of the library to join – just let me know and we'll get you signed up on Facebook. The books are available now, and I will get the discussion going the end of July into August/September.

We continue to get in donated items that we are adding to inventory. This is by no means a complete list but here are some items that are either my personal favorites or favorites of patrons:

A generous donation of teen books was received from a former community member including such books as *Ruby Reinvented* by Ronni Arno (Maine author), *An Inheritance of Ashes* by Leah Bobet, and *We Are All Made of Molecules* by Susin Nielsen; we received six children and youth books every month from the LIBRI grant. This month included *Rules of the House, Let's Pretend This Never Happened*, and *Dinosaurs in Space: Out of the World*; another generous patron donated several books by Carolyn Chute so that we now have a complete set of her works.

Books from Maine authors or about Maine include: *Where Cool Waters Flow* by Randy Spence; *Changing Maine*; and *Wild Flowers of Maine, New Hampshire and Vermont*. Also of interest are *Important Forest Insects and Diseases of Mutual Concern to Canada and the United States*", and *Insects that Feed on Trees and Shrubs*.

General reading by popular authors include *Light from Heaven* by Jan Karon; *The Forgotten Garden* by Kate Morton; Clive Cussler's *Dark Watch* and *Skeleton Coast*; *The First Phone Call from Heaven* by Mitch Albom; and *The Bone Orchard* by Paul Doiron. And here's one to get you thinking *Sainted Women of the Dark Ages*.

Ask the librarian if you have any questions about contests, scholarships, on-line tutoring, genealogy, or new books and dvds. I am also asking for suggestions for books we should order and put on our shelves. Lots of information comes across our desk that we post on our bulletin boards or keep for anyone who would like more information.

100 Club Winners for July: Anonymous, Petrina Bearor, Marsha Siviski, Anna Seguin, Sharlene Belanger, Dallas Landry

Knitwits and Happy Hookers will meet at the library from 10:00 - 11:30 am on the second and fourth Thursday of August. Everyone interested is strongly encouraged to attend. All levels of expertise are welcome.

√ Don't Forget the Library Fundraiser! What: Pie Social; When: Wednesday, August 10, 2015; Time: 5:30-7:00 pm; Where: New Portland Community Library, 899 River Road, 628-6561

Please take this time to stop by and see our new artwork gracing our walls. Karen Campbell's work is fabulous, and we think you'll enjoy it!

Model Flying

All of our safe outdoor Radio Control flying locations remain open for the warm weather months, usually into October. Visitors are always welcome to watch and ask questions. AMA and FCAM memberships are required to fly at all locations except for Lily Pond.

Our indoor location is open every Wednesday 9:00 am until noon in the Calvary Pentecostal gym on Old Point Avenue in Madison. There is no membership requirement for this location. This location is free however; voluntary sponsor donations will be appreciated.

We will be participating in the annual Madison/Anson parade scheduled for August 27. During this event we will also have tables with baked goods, static model displays, and hobby information. We hope to see you there.

Before leaving for any of our events please log on to www.rcflyer.org to check for change of dates/times. Weather conditions and other factors affect model flight the same as full sized aircraft does.

Monthly Tip: When purchasing a model you should consider favoring one that uses radio frequency over infrared control. With a radio frequency control you will be able to fly to any distance that remains within your sight. With infrared, the signal will be "washed out" with in a very short distance. You also must continue to point your "controlling device" at the model. This means white light (the sun, indoor lighting, light reflecting surfaces); all will "wash out" that infrared light. By, by model!
